

POOL PERMITS

The three types of pool permits are new, renewal, and provisional. Swimming Pool Permit Fees are charged as follows:

APPLICANT	DUE DATE	FEE	FORM
Swimming Pool without food service	January 1	\$25.00	Billing Statement
Swimming Pool with food service owned and operated at the same location by a common individual, firm, or corporation	January 1	\$10.00	Billing Statement

NOTE: A facility that does not meet technical requirements of the regulations (i.e., older pools with too few inlets, etc.) may obtain a provisional permit on a yearly basis. The pool must have been permitted previously, and water quality and safety standards must be consistently met. Provisional pools are evaluated annually on a case-by-case basis.
